SURGICAL MASK

FEATURES & BENEFITS

- Helps reduce the chance of spreading airborne droplets
- Layers help trap larger respiratory droplets
- QM95 Level Barrier Protection: No general use for low-risk, non-surgical procedures.

PRODUCT DESCRIPTION

SURGICAL MASKS are used for single-use, and disposable, when worn properly, they help block large-particle droplets, splashes, sprays, or aerosols that may contain germs (bacteria and viruses), from reaching your mouth and nose.

Note: Surgical masks do not provide complete protection from germs and other contaminants because of the loose fit between the sides of the mask and your face.
