PRECISION MACHINING

Dan-Loc has special expertise in the machining of complex gaskets and seals for the oil field as well as specialty technical parts machined to exacting tolerances. Dan-Loc machinists are highly experienced in machining a variety of materials with an emphasis on inconel, monel and other exotics. Parts can be produced up to 24.5" in diameter and 80" long.

Dan-Loc has top of the line CNC machine tools. The shop is staffed with highly qualified and experienced machinists as well as the personnel and equipment to provide extensive quality control.

WE PERFORM SO YOU CAN PERFORM.
